

Corporate Leadership

2 Day Workshop on Corporate Leadership

Corporate leaders should have a constant focus on the growth and achievement of company's vision. Successful corporate leaders do not hold their vision to themselves' rather they communicate their vision with management and other stake holders to create synergy amongst the team. Importance of corporate leadership is immense in today's globalized corporate world. That is why LCCI Nepal is organizing 2 day management workshop on "Corporate Leadership" and supported by Growth Seller Pvt. Ltd.

This training programme is designed to increase effective leadership among students, middle level professionals and teachers. The program would cover various dimensions to become an effective leader - like attitude, discipline, goal setting, vision planning, personality traits, mental relaxation etc. Anyone who is seeking a career in the corporate world and wants to become a successful leader will find this programme highly enriching and beneficial.

Areas covered in this training programme

- Discipline, attitude and other behavioral aspects
- Diverse Culture
- Testing individual Personality Traits
- Vision planning using Neuro Linguistic Programming Techniques
- Mental peace, relaxation and use of spiritualism in improving productivity

Programme Highlights

- Sessions by 3 different experts
- 3 paper presentations from students on "Best practices as corporate leaders"
